

Archery

Myer Creek Archers

The Myer Creek Archers have now developed a 30 station 3D outdoor range which has 3D animal targets used during special club events. We have also developed a target range for students and hope to one day add an indoor range.

Myer Creek Archers, Inc Participates in Pilot Program for Youngsters Explore Bowhunting

is an outdoor conservation education program focusing on interactions with people and wildlife. Explore Bowhunting teaches students how to interact with the world of nature by developing basic skills used to bowhunt, which focus on getting close to animals. Not only does Explore Bowhunting teach students how to interact with nature using ageless hunting skills, but it also teaches an appreciation of what is around them and enhances their encounters with the outdoors.

This will be a unique opportunity for those involved to not only teach hunting and outdoor skills for new enthusiasts, but also develop and expand an understanding of the outdoors and inspire a whole new generation to an awareness of possibilities, like hunting, fishing, bird watching, photography and hiking, that are right outside their door.

Myer Creek Archers, Inc are honored to participate in one of the pilot programs in the state of Kentucky. The lessons will include such things as learning the basics of shooting a bow, building a blind, choosing a shooting lane, proper use of trail cams and lures, shot placement, tracking, field dressing and much more.

The Archery Trade Association (ATA) created Explore Bowhunting in a response to a decline in participation in hunting. Revenue generated from the sale of hunting licenses and from the sale of shooting and hunting equipment provide over 75% of the funding for state wildlife agencies.

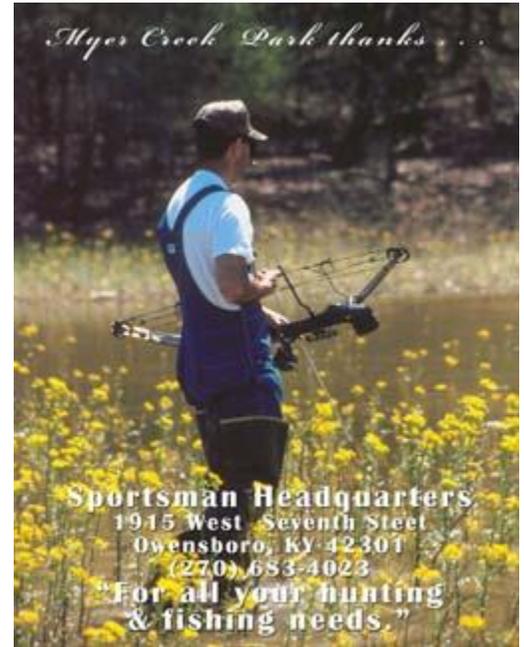

The free program is open to youngsters 5th grade thru High School. It will be held at Myer Creek Park on three consecutive Saturdays, August 13th (9am - 5pm at the 4H building), 20th (2pm - 7pm at the archery range) and 27th (9am - 5 pm at the 4H building). Parents are welcome and encouraged to participate in the course along with their youngsters. Parents who participate will be able to purchase their lunch and eat with their youngsters. Anyone wanting to participate is encouraged to pre-register by going to the [website](#) and providing some basic information, or they may register the first Saturday.

The Myer Creek Archers, Inc members who will be leading the program are David Bell, Kevin Vaught, Chris Kassinger, Larry Keown, Hugh Dickens and Sharon Dickens. If you have questions or would like to volunteer to help or make a donation to help us keep this program free of cost to the participants, feel free to call David Bell at 273-5003 or Hugh Dickens at 499-0202.

| Range Captain: Jerry Hayden | (270) 929-2788 |
| Shoot Director: Keith Crabtree | (270) 302-1097 |
| Event Coordinator: Kevin Vaught | (270) 273-9080 |

Mission

Together, we achieve our Vision by focusing on:

Guests/Non-Members:

Ensuring that our guests are treated with respect and invited to participate in any open or limited events.

Each other/Members:

Commitment to treat all members as we would expect to be treated. Communicate openly and honestly.

Community:

Active involvement is building community relationships and making a positive difference.

Our Values:

Respect - we treat all members as we would expect to be treated.

Excellence - we strive to be the best in all that we do.

Communication - we promise to listen openly and communicate honestly.

Inclusion - we welcome members from all cultures, ethnic and racial backgrounds and traditions.

Performance - we hold each member accountable for their actions and results.

Ethics - we uphold the highest standards of integrity.

Focus:

To offer a quality shooting environment for experienced archers as well as an opportunity for young archers to learn sportsmanship and technique in order to rise to their full potential.

National Archery in the Schools Program

Currently at Myer Creek Park, there are several projects in the works that will set a New Standard for "Community Parks." All of these projects will embrace the common goal of Family and Community Fun while promoting education, recreation and fellowship. We invite you to be a part of this exciting process. Your input is needed and valued. Now is the time to get involved.
